

ATKINSON TO PLAY LOWELL

Final Ping-Pong Bout of Elks Will Take Place Tonight.

Ladies' day at the Elks' hall yesterday afternoon was an important event in that genial gathering place, in that the ladies were given an opportunity to witness the ping pong tournament which ended in the two best players being matched for the final fray tomorrow evening. The affair savored also of a pink tea, and the Elks vied with one another in receiving the fair guests and the large assemblage of gentlemen. Lorin Andrews and Mr. Hartman of the House Committee were on the reception committee, and saw to it that the refreshments, consisting of dainty trifles, lemonade and claret punch, were freely offered to the guests.

The ping pong tournament was played as follows:
Waterhouse defeated High, 7-5, 6-0.
Atkinson defeated Roth, 6-3, 6-0.
Lowell defeated Waterhouse, 3-6, 8-6, 5-6.
This ended the semi-finals, and brings the tournament to the final bout, which will be played off this evening, as follows:
Atkinson vs. Lowell.

COLLECTED \$14 AND SPENT \$4

Police officers were sent out yesterday afternoon to find a young man who had been acting as a collector for a large firm, to cause him to deliver a sum of money which he had collected in the forenoon but had failed to turn in. The amount in question was only \$14 but of this he had spent about \$1 in a saloon. The appearance of the officers so frightened him that he made haste to go home and get enough money to make up the difference. The young man lost his job in the bargain. Gregoria Able, the Porto Rican who stole \$150 in gold from a Japanese neighbor a few nights ago was committed to the Circuit Court yesterday by Judge Wilcox.

A warrant was sworn out yesterday afternoon by a Portuguese boy against a driver for the Union Express Company, in which the latter was charged with needless driving. The boy was riding a bicycle and it is alleged by him that the driver swung around a corner at a high rate of speed and ran over him and his wheel.

TO INVESTIGATE KULA BLIGHT

D. L. Van Dine, special agent for the Agricultural Department in Hawaii, left yesterday on the Maui for Kahului from where he will go into the Kula district to make investigations of the blight which is destroying the potato and corn fields. T. F. Sedgwick who started the investigations in the district is on the cruise to Marcus Island and the work will be continued by Van Dine. Recently further complaints have been received from H. P. Baldwin and Mrs. Von Tempisky, of the ravages of insects and a request was made to the department for aid. Mrs. Von Tempisky is of the opinion that the lantana blight which was recently introduced here is the cause of the greater part of the trouble but the specimens sent do not indicate that. So far the blight has been confined to the Kula district, and Mr. Van Dine will attempt to prevent further ravages. He expects to remain away for a fortnight.

Editor Advertiser: I read a report in the Star on the 4th in regard to the trouble in the reformatory school. Stated that when the light was turned on I was seen coming from under the table. I was knocked up against the table number of times and badly bruised. I feel the effects of it at present, but he who said that I was under the table is a dam her.
